

Beautiful womanhood

Dear Leader,

I want to thank you for being the point person who implements Beautiful Womanhood small groups in your church or community. Your dedication to bringing wives together for mentoring will change their lives and their marriages!

As a leader, I know you care about women and their marriages, but there's a limit to what one woman alone can do! We want to make your job easier by providing tools and resources which raise up mentors and link them with women desiring to be mentored.

The tools in this Small Groups Starter Kit are tested and approved by leaders just like you! Feel free to copy and use everything included. As one women's ministry leader said, "We were looking for a mentoring program for wives but shied away from complicated programs. The Beautiful Womanhood format was easy to understand. It wasn't overwhelming. I said to my mentors, 'Here's a package—now you can do it!'"

That's why we're here—to help you help wives.

If you would like to generate a "buzz" before the launch of Beautiful Womanhood small groups, I'd recommend hosting a Beautiful Womanhood seminar—a special event for women in your church and community. During the Seminar, I offer inspiration, encouragement, and practical advice for women in their role as a wife. Excitement for Beautiful Womanhood small groups is generated and potential mentors are encouraged and equipped. Thanks again for your commitment to marriage and mentoring wives for God's glory!

Blessings,
